

Real Agent Benefits Gives You Quality, Affordable Health Solutions For Less

Real Agent Benefits brings the power of community to all of our agents by delivering quality health solutions to help provide for the needs of you and your family. With Real Agents Benefits, you and your family have access to a wide range of insurance coverage at more competitive rates than what you can purchase through the Affordable Care Act (ACA) federal exchange.

Looking Out for Our Agents

Real is committed to delivering the best for our agents—that's why we've joined forces with Global Benefits Partners, a trusted advisor with expertise in working with entrepreneurs like you. Global Benefits Partners will work with you to help identify the plans that best meet the needs of you and your family. Through this partnership, we are excited to offer:

- Better rates that are 25-35% cheaper than the rates available in the state exchanges.
- Better coverage due to its status as a Preferred Provider Organization (PPO) versus the Health Maintenance Organization (HMO) or Exclusive Provider Organization (EPO) plans provided by the ACA.

Real Agent Benefits gives you access to healthcare providers throughout the country for significantly less than you would pay on your own!

Choose the Solutions to Meet Your Needs

Dental and Vision Plans

Access Dental and Vision coverage as a part of your medical plan or purchase individual plans a la carte.

Medical Plans

Choose from a wide range of solutions and price points, including two categories of plans to meet your needs: Major Medical and Healthshare. Each plan type has its benefits, so schedule time with an advisor to learn what would work best for you.

Disability Income Insurance Plans

Long-term disability coverage can provide an additional measure of security in the event you become sick or injured. Disability income insurance can replace a portion of your income, protect your lifestyle, and avoid the financial burden of significant healthcare costs.

Term Life Insurance

Easily obtain coverage—available as a standalone policy or bundled with a medical policy. This coverage is portable and will protect your family's lifestyle should something happen to you.

Voluntary Benefits

Short-term disability, hospital indemnity, accident, and critical illness coverages help keep your finances secure in the event of a major incident. This type of coverage can also be used by those planning for additional maternity coverage if purchased in advance.
