- The following instructions are for International & US Wire Transfers (NOT originating from Bank of Montreal)
- Wires take a few days to process so be sure this meets the contract deposit terms.
- The person making the wire transfer **MUST pay a fee** to their bank for this service. The fee **MUST** be added as an addition to the total deposit amount. Otherwise, the fee will be deducted from the total deposit amount and that will not match the total deposit amount in the agreement of purchase and sale.
- Funds being wired **MUST** be in Canadian dollars to ensure the exact amount mentioned in the agreement of purchase and sale is being transferred.
- An amendment to the Agreement of Purchase and Sale would then be required if the total received by our brokerage does not match the amount stated in the agreement of purchase and sale.
