

When will I receive my Shareworks (E*Trade) account?

Once an agent has contributed the required amount to the Stock Purchase Program, their Shareworks invite will be emailed the month after reaching the qualifying amount or granted award.

You will receive an email from Shareworks once you have contributed at least \$250 or received a qualifying award. That email will outline what needs to be completed in order to set up your Shareworks account.

If you don't contribute more than \$250 to Shareworks, what happens to the money you have contributed?

Shareworks contributions must hit an initial \$250 minimum before account funds will be used to purchase stock. Example, if 5% of an agent's commission contributions only total \$205, they will have to wait until \$45 more in commission contributions are earned before that money is used to purchase Real stock shares. If an agent leaves Real before hitting the \$250 minimum, their money will be refunded to them.
